FORTIFYING MANUFACTURING. FOSTERING PARTNERSHIPS.

Being acknowledged as a global destination for finished leather and leather footwear is a testament to Mirza International's manufacturing capabilities and product quality. Our focus on enhancing manufacturing capabilities, product innovation, and expanding geographical presence demonstrates our commitment to growth and staying competitive in the market. By acquiring new clients in new geographies, we have been able to tap into new markets and diversify our customer base.

The demerger of the Company and the subsequent focus on contract manufacturing highlight our strategic approach to business. By partnering with reputed footwear brands such as Steve Madden, Lucky Brand, Camuto Group, DSW, Crown Vintage, Kenneth Cole, Next, Marks & Spencer, and many others, has solidified our position in the industry and propelled our growth.

Our recent long-term partnerships with the US-based major footwear retailer Marc Fisher heralds the start of a new chapter in Mirza's illustrious journey as a footwear manufacturer. These partnerships not only signify trust and recognition but also open new vistas for further expansion.

By fortifying manufacturing capabilities and fostering strong partnerships, Mirza International emphasises its commitment to delivering the highest quality products and services to its partners and customers.

QUALITY ASSURANCE

All our manufacturing units are SATRA accredited. SATRA is a highly regarded and globally recognised technical authority for research and testing of footwear products, components and materials. Stringent quality checks are conducted and maintained at every stage of production and post-production to ensure that our footwear products meet the highest standards of durability, comfort and safety. Our products are REACH compliant as per international norms. REACH is a regulation established by the European Union that addresses the production and use of chemical substances, aiming to protect human health and the environment. These accreditations and compliance measures not only enhances our Company's reputation but also demonstrates our commitment to producing safe and environmentally-friendly footwear.

SUPPLY CHAIN AGILITY

In a business where timing is crucial, ensuring that brands and products are available at the right place and at the right time is essential for success. Considering our vast network of white-label exports and own-brand sales, supply chain agility allows us to respond swiftly to market demands, optimise inventory management, stay ahead of trends, adapt to changing consumer preferences and minimise the risk of inventory obsolescence.

ENVIRONMENT-FRIENDLY OPERATIONS

Our in-house tannery has a state-of-the-art effluent treatment plant, the first of its kind in India and stringently conforms to all environmental laws of the land. As per the study conducted by IIT Roorkee, our tannery causes no environmental pollution under the National Framework of Environmental Laws.

REDEFINING SHOPPING EXPERIENCE

We are constantly looking at new ways to redefine shopping experience, leveraging technology and transforming the way we engage with our global customers. We sell our brands through multi-brand outlets and through global online portals.

HARNESSING OPPORTUNITIES

As a global supplier of repute, we continue to look at exploring new opportunities and relationships to bolster our business. In the aftermath of the global pandemic, supply chain disruptions from China, rising labour costs and escalating trade wars with China have led to businesses in the US looking at other alternative manufacturing hubs and supply chain locations.

We are confident that with our technology capabilities, manufacturing prowess, design expertise and environment-friendly operation practices will propel us to stay competitive in the branded footwear industry.

COMMITTED TO SUSTAINABLE OPERATIONS

At Mirza International, caring for the environment and setting new benchmarks as an environmentally-responsible company are imprinted in our DNA. The focus on the 3R's – reduce, reuse, and recycle – indicates Mirza International's proactive approach to minimising waste and conserving resources. Our tannery has been rated by the LWG (Leather Working Group). LWG promotes sustainable business practices in the leather industry. This rating reflects our adherence to sustainable guidelines and benchmarks.

We have implemented sustainable practices at our tannery which is recognised as amongst the most modernised and largest tanneries in India. By using high-quality tanning drums, we have been able to save a substantial amount of water and reduce energy consumption. The effluent treatment plant of 1.65 MLD capacity also ensures efficient effluent collection and 100% recovery of chrome, an effluent that if released can cause health hazards. The exhaust chromeliqour is processed, sludge is recovered and subsequently sold to authorised chemical vendors

IMPLEMENTING SAFE PRACTICES AT TANNERY

A STUDY CONDUCTED BY IIT ROORKEE HAS DECLARED THAT THE TANNERY CAUSES NO ENVIRONMENTAL POLLUTION UNDER THE NATIONAL FRAMEWORK OF ENVIRONMENTAL LAWS.

to prevent groundwater contamination. The released wastewater is then treated before it is discharged while chrome and other solid waste matter are disposed of in an environmentally safe and efficient manner.

THE TANNERY STRICTLY COMPLIES WITH RULES AS LAID DOWN BY THE ENVIRONMENTAL POLLUTION (PREVENTION AND CONTROL) AUTHORITY OF INDIA (EPCA) OF INDIA.

ECONOMY AND MARKET OUTLOOK

As per the 'World Economic Outlook by International Monetary Fund', the growth is projected to fall from 3.40% in 2022 to 2.80% in 2023, before settling at 3.00% in 2024. Advanced economies are especially expected to

see a pronounced slowdown in growth, from 2.70% in 2022 to 1.30% in 2023. In a plausible alternative scenario with further financial sector stress, global growth declines to about 2.50% in 2023 with advanced economy growth falling below 1%. The global headline inflation is expected to fall from 8.70% in 2022 to 7.00% in 2023 on the back of lower commodity prices. The underlying (core) inflation, however, is likely to decline more slowly. Inflation's return to target is unlikely before 2025 in most cases.

Indian economy

Indian Leather, Leather Products and Footwear Industry holds a prominent place in the Indian economy. The sector is known for consistent high exports and is among the top ten foreign exchange earners for the country. India is the second largest exporter of Leather Garments, Saddlery and Harness and the fifth largest exporter of Leather Goods in the world.

The strengths of the Indian Leather sector are as follows:

- Indian-own raw material source: About 3 billion sq. ft. of leather is produced annually.
- Strong and eco-sustainable tanning base.
- Modernised manufacturing units.
- Trained//skilled manpower at competitive wages.
- World-class institutional support for Design & Product Development, HRD and R&D.
- Presence of support industries like leather chemicals and finishing auxiliaries.
- Presence in major markets – Long Europe experience.
- Strategic location in the Asian landmass.

Emerging strengths

- Design and development initiatives by institutions and individuals.
- Continuous modernisation and technology upgrade.
- Economic size of manufacturing units.
- Constant human resource development programme to enhance productivity.
- Increasing use of quality components.
- Shorter prototype development time.
- Delivery compliance.
- Growing domestic market for footwear and leather articles.

India has emerged as the fastest growing major economy in the world and is expected to be one of the top three economic powers at a global scale over the next 10-15 years, backed by its robust democracy and strong partnerships.

Industry structure and key developments

Indian Footwear and Leather Development Programme (IFLDP) (erstwhile IFLADP), a Central Government Scheme, aims to empower the sector through a multi-faceted approach which includes infrastructural development, addressing the sector's environmental concerns, facilitating additional investments, generating employment, and improving production. The scheme has an approved financial outlay of ₹ 1,700 Crores and has been extended to March 31, 2026 or till further review by the Central Government.

The scheme will be implemented through the following sub-schemes under IFLDP during 2021-26:

- Sustainable Technology and Environmental Promotion (outlay ₹500 Crores).
- Integrated Development of Leather Sector (IDLS) (outlay ₹500 Crores).
- Establishment of Institutional Facilities (outlay ₹200 Crores).
- Mega Leather Footwear and Accessories Cluster Development (MLFACD) (outlay ₹300 Crores).
- Brand Promotion of Indian Brands in Leather and Footwear Sector (outlay ₹100 Crores).
- Development of Design Studios (outlay ₹100 Crores).

The footwear sector holds huge prominence in the Indian leather industry and serves as one of its key growth drivers. India is the second largest global producer of footwear after China, accounting for 11.63% of global footwear production of 17.7 billion pairs. It is also the second largest consumer of footwear after China, with a consumption of 2.60 billion pairs. India produces 2,065 million pairs of footwear under different categories which includes leather footwear (909 million pairs), leather shoe uppers (100 million pairs), and non-leather footwear (1,056 million pairs). Nearly 95% of this production is utilised to meet the country's own domestic demand and about 115 million pairs are exported. The Footwear (Leather and Non-Leather) export account for about 52% share in Indian Leather and Footwear industry's exports.

Over the years, India has become a focal point for the fashion and lifestyle industry, reflecting a powerful manufacturing sector and a fast-growing middle class. Combined with strong economic fundamentals, rapid digitalisation, and efficient process automations, these factors are enabling India to emerge as a dominant international fashion destination, also providing an impetus to the Indian footwear

industry. According to a report by McKinsey, India's ascent as a growing force in the global fashion industry is one of the top ten trends the fashion industry should watch out for. Another report by Invest India suggests India as the second largest consumer and producer of footwear in the world, with the demand and production projected to increase 8 folds by 2030. This growth can be attributed to a significant change in consumer behaviour supported by a dramatic rise in their disposable and per capita income.

The leather industry can be further segmented into Finished Leather, Footwear, Footwear Components, Leather Garments, and Leather Goods including Bags, Saddlery, Harness and Leather Gloves. For every 1,000 pairs of footwear produced and sold in India per day, the sector is capable of creating 425 jobs spanning manufacturing, allied industries, and retail. In terms of volume, India is expected to produce almost 3 billion units of leather products by 2024, growing at more than 10% annually.

Though India is already among the world's top 10 largest footwear exporters, Mirza International Limited believes that a significant portion of the country's potential still remains untapped and can be utilised to grow its share considerably in the overseas markets. USA, UK, Germany, France, Italy and UAE are some of the largest Indian footwear importers.

India's leather exports

The Indian Leather, Leather Products and Footwear Industry holds a prominent place in the Indian economy. India is the second-largest exporter of Leather Garments, Saddlery and Harness and the fifth-largest exporter of Leather Goods in the world. The export of Leather, Leather Products and Footwear has registered about 8% growth in this fiscal, reaching USD 5.26 billion in FY 2022-23 as against USD 4.87 billion in FY 2021-22.

However, the export growth in Leather slowed down over the last six months, registering an overall decline of 7.41% in the second half of the financial year (October 2022 to March 2023) as compared to 25.67% growth during the first half (April 2022 – September 2022). The sector's exports declined from USD 456.90 million during April 2022 to USD 378.53 million during April 2023, registering a 17.15% fall. The decline was on account of the global economic slowdown and factors such as Russia-Ukraine war and suspension of EU GSP for Leather and Fur products during 2023, among others.

Nevertheless, the exports are expected to revive in FY 2023-24, supported by the recent Free Trade Agreements (FTAs) with UAE and Australia with 0% duty for Leather, Leather Products and Footwear, resulting in an increase of exports to these markets. The exports to UAE increased from USD 105.48 million in FY 2021-22 to USD 123.87 million in FY 2022-23, registering 17.43% growth. Though the FTAs with Australia came into force only on December 29, 2022, the exports to Australia increased

from USD 91.23 million in FY 2021-22 to USD 94.01 million in FY 2022-23, registering 3.05% growth.

EU and UK accounts for 52% of Indian Footwear and Leather sector exports. FTAs with 0% duty for Leather, Leather Products and Footwear within these regions will thus play a crucial role in accelerating the exports. The export to Canada increased from USD 47.05 million in FY 2019-20 to USD 70.35 million in FY 2022-23, growing by 49.52%. The FTAs with Canada are therefore expected to increase the market share of Indian exports of Leather, Leather Products and Footwear considerably, which stands at about 2% currently.

OPPORTUNITIES AND THREAT

Opportunities:

Industry trends and forecasts predict that the global footwear market will grow by 12.83% year-on-year by 2028. The growth in demand is expected to be driven by factors such as changing lifestyles, growing economies and a massive shift in consumer perspective. Today, consumers' perception about footwear has transcended the boundaries of their basic purpose and functionality, making it a product that represents fashion and style. The leather and non-leather segments, driven by a robust domestic demand, comprise the Indian footwear industry. As per a report by Invest India, the Non-leather Footwear Industry in India is projected to increase eight-fold by 2030. The industry is expected to cross the USD 6 billion mark by 2024.

Led by the evolving consumer preferences, 86% of the global footwear consumption by volume includes non-leather products, with India witnessing a similar trend. Nevertheless, leather footwear continues to be a significant part of the industry and is a major export category for India, with the UK being one of the leading export destinations for the Indian leather footwear.

The Company remains open to explore, experiment, and appreciate new thoughts and ideas with the objective to continuously meet and exceed customer expectations. Innovating at MIL is not only limited to its products, but is also incorporated in its brand representation and has become a part of its brand identity. The Company strives to stand by its core values that enables it to stay aligned to its purpose and long-term vision, in the interest of all its stakeholders.

Threats and challenges:

Consumers, in the 21st century, are more educated and knowledgeable, and therefore, more demanding than ever before. The number of consumers with easy access to widespread information and in favour of certain causes is rapidly increasing. This presents a serious challenge for the Footwear industry, creating an urgent need for the players to keep a track of and quickly adapt to the changing consumer preferences, which plays a fundamental role in their purchasing decisions.

To mitigate this challenge, MIL is required to adapt to the new fashion trends as well as consider the new set of consumer desires and beliefs. As consumers now demand more transparency and security, they search for footwear that is safe and made in accordance with the existing regulations, placing enormous significance on quality, comfort, and ensuring that they do not cause any health hazard. Besides, some consumers also express concerns about the origin and manufacturing of such products.

The Footwear industry is predominantly unorganised and scattered across different parts of the country, with Uttar Pradesh and Tamil Nadu being the biggest footwear-related markets. Though technology is being increasingly adopted and enabling modernisation of the Footwear industry, most of the products are currently handmade. Other than this, the industry is challenged by fluctuations in foreign exchange rate and crude oil price and the sector's development is also deterred by absence of or poor policies.

Tough competition from unorganised players

Nearly 85% of the Indian footwear industry comprises unorganised players who sell their products at meagre prices and enjoy multiple benefits such as lower sales tax, lower overhead cost, lower labour cost and absence of research and development (R&D) expenses. This will intensify competition as organised players will pass the price benefits to the consumers, while unorganised players try to enter the organised space.

Sluggish growth of Indian leather footwear market

The United Kingdom is one of the leading export destinations for Indian footwear. However, with BREXIT affecting the value of British pound (GBP), the Indian leather export has been severely impacted. Government policies banning animal slaughter on leather tanneries has further impacted leather availability, leading to a sluggish industry growth.

Import from China

63% of India's imported footwear is sourced from China. Chinese footwear, being cheaper and sold in the unorganised retail market, proves disadvantageous for the Indian footwear manufacturers.

The Company monitors its major risks and concerns at regular intervals. Appropriate steps are taken in consultation with concerned individuals and authorities, including the Risk Management Committee and the Audit Committee of the Board, to identify and mitigate such risks.

RISKS, CONCERNS, AND CONTINGENT LIABILITIES

Economic and political factors, both national and global, that are beyond control, and factors force majeure, may directly affect performance of the Company as well as the Footwear industry. These factors include interest rates and its impact

on availability of retail space, rate of economic growth, fiscal and monetary policies of governments, inflation, deflation, consumer credit availability, consumer debt levels, tax rates and policies, unemployment trends, terrorist threats and activities, worldwide military and domestic disturbances and conflicts, pandemics, and other matters that influence consumer confidence and spending.

Risks are an integral part of any business environment and it is essential that the Company has suitable processes to identify and alleviate such risks concerning its business. MIL believes that adequate risk management ensures controls and monitoring mechanism supports smooth and uninterrupted running of the Company's business. The risk management policy is periodically reviewed by the Company's Board and the risk management systems are constantly evaluated by MIL's Audit Committee of the Board. The identified risks and concerns include competitive business environment, varying consumer preferences, import of finished footwear at lower prices, showroom/office occupancy cost, foreign currency fluctuation, and the fragmented structure of the industry.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Well-designed internal control systems lay down the framework for day-to-day operations, provide guidelines for employees and, most importantly, provide a certain level of security against a variety of risks such as fraud and misappropriation. The system involves all policies and procedures laid down by the management to control the organisation and its people with the objective to achieve its goal. MIL's control system and procedures are regularly reviewed for relevance and effectiveness and modified in alignment with the evolving business environment.

The Company has an Audit Committee consisting of Independent Directors, details of which has been mentioned in the Corporate Governance Report. An independent Chartered Accountant firm has been appointed as the Internal Auditors to the Company and is responsible for reviewing the effectiveness of MIL's internal control mechanism at regular intervals. The periodic audit reports submitted by the Internal Auditors, along with suggestions for improvement, are reviewed by the Audit Committee. Relevant suggestions are then considered, in discussion with the Management, and implemented by initiating corrective actions and improvements in business processes. The Audit Committee also meets the Company's Statutory Auditors, from time to time, to ascertain, inter-alia, their views on the adequacy of MIL's internal control systems. It also keeps the Board of Directors informed about the major observations on a regular basis.

The other information comprises the information included in the Management Discussion and Analysis, Board's Report including disclosure relating to Composite Scheme of Arrangement and Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of this audit report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above, when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude, that there is a material misstatement of this other information; we

are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation & presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and

timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

We have audited the internal financial controls over financial reporting of MIRZA INTERNATIONAL LIMITED ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITIES FOR INTERNAL FINANCIAL CONTROLS

The Management and Board of Directors of the Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating

effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the

internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company

considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

These reports are expected to be made available to us after the date of this audit report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to communicate the matter to those charged with governance.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Management and Board of Directors are responsible for the preparation and

presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated state of affairs, consolidated profit/loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group including its Associates and Jointly controlled entities in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act.

The respective Management and Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for assessing the ability of the Group and of its associates and jointly controlled entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for overseeing the financial reporting process of the Group and of its associates and jointly controlled entities.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are

considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls based on our audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors of Holding company.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the

consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical

requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Mirza International Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of the company as of and for the year ended 31st March, 2023, we have audited the internal financial controls over financial reporting of MIRZA INTERNATIONAL LIMITED (hereinafter referred to as “the Company”) and its subsidiary companies as of that date.

MANAGEMENT’S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR’S RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating

effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and

not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over

financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 BASIS OF CONSOLIDATION

The Consolidated Financial Statements comprise the financial statements of the Group as at 31 March 2023. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights
- The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposal of during the year are included in the Consolidated Financial Statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the Consolidated Financial

Statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the Consolidated Financial Statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent Company, i.e., year ended on 31st March 2023. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

Consolidation procedure:

- Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent on line by line basis with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the Consolidated Financial Statements at the acquisition date.
- Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.
- A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:
 - Derecognises the assets (including goodwill) and liabilities of the subsidiary
 - Derecognises the carrying amount of any non-controlling interests
 - Derecognises the cumulative translation differences recorded in equity
 - Recognises the fair value of the consideration received

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

- Recognises the fair value of any investment retained
- Recognises any surplus or deficit in profit or loss
- Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

Investments accounted for using the equity method.

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries

The Group's investments in its associate and joint venture are accounted for using the equity method. Under the equity method, the investment in an associate or a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the associate or joint venture since the acquisition date. Goodwill relating to the associate or joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The statement of profit and loss reflects the Group's share of the results of operations of the associate or joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable,

in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the associate or joint venture are eliminated to the extent of the interest in the associate or joint venture.

If an entity's share of losses of an associate or a joint venture equals or exceeds its interest in the associate or joint venture (which includes any long-term interest that, in substance, form part of the Group's net investment in the associate or joint venture), the entity discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has legal or constructive obligations or made payments on behalf of the associate or joint venture. If the associate or joint venture subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit or loss of an associate and a joint venture is shown on the face of the statement of profit and loss.

The financial statements of the associate or joint venture are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associate or joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate or joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value, and then recognises the loss as Share of profit of an associate and a joint venture in the statement of profit or loss.

Upon loss of significant influence over the associate or joint control over the joint venture, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in profit or loss.
